

Dual Purpose Suction and Delivery Hose – 12mm Liner

3

Recommended for	Agricultural, industrial and mining applications where hardwall hose is required to function in either suction or pressure applications.	
Temperature range	-20°C to +80°C	
Construction	Liner	NR compound
	Reinforcement	Wire helix embedded between plies of high-strength synthetic fabric
	Cover	NR/SBR compound; weather and abrasion resistant
Hose ends	Plain, cuffed or with built-in couplings	
Lengths	All IDs: (alternate lengths available on request up to 20m) ≥ 450mm maximum up to 10m	

Theoretical technical information					
Hose ID (mm)		Approx. OD (mm)	Rated WP (bar)	Suction (bar)	Min. Bend Radius (mm)
