

Kwikfit and Evertite Fittings

Synonymous with shaft sinking and everyday mining, Kwikfit and Evertite fittings are as tough and rugged as the conditions within which they're applied. Coupling and uncoupling is a quick operation and a high degree of fitting group interchangeability is possible.

Evertite Fittings – 25mm

Male spud

Female spud

Backhead spud

Hose tail

Gasket

Backhead spud

Hose Size N.B. mm	Pipe Thread B.S.P.	Description	Part No.
