

WATERLORD

Product description and applications

WATERLORD is an extra tough abrasion-resistant hose.

WATERLORD is suited for:

- Industrial use with oils and chemicals
- Mining, offshore work and refuelling
- Dewatering of any terrain
- Travelling irrigators and booms
- Slurry hose
- Transportation of liquid beverages and foods

Benefits and cost saving features

- Extra abrasion resistance
- Resistant to oils and chemicals
- Integrated inner and outer coating of Polyurethane
- Smooth surfaces for easy washdown
- Flexible from -40°C to +70°C
- Low coil volume for easy handling
- Available in up to 200m lengths

Specifications

Inside Diameter	Weight (kg/m)	Burst Pressure Bar
40mm (1½")	0.25	60
50mm (2")	0.525	60
65mm (2½")	0.66	50
75mm (3")	0.83	50
100mm (4")	1.3	50
125mm (5")	1.55	40
150mm (6")	1.9	40
200mm (8")	2.5	35
